Featured Beers:

Pineapple Upside Down Cake

A juicy pineapple taste and
aroma adds a delightful
tropical compliment to the
refreshing lemon and light
malt flavors of this citrus ale.
Complex and satisfying,
taking citrus ales to a whole
new level.

Growing up, we all remember how
exciting it was when we could hear
the ice cream truck coming down
the street. Running to the house to
get .25 cents to buy our favorite
frozen treat.

A crushable cream ale with fresh
strawberry flavors, this brew does
have lactose, giving it a different
and savory mouthfeel.
